LEXUS COLLECTION

LEXUS LIFESTYLE COLLECTION

Immerse into a world where luxury becomes uniquely yours with the alluring LEXUS lifestyle collection exquisitely designed to accompany your day to day.

Enjoy the exclusivity of our collection and make the LEXUS lifestyle your very own - a testament to luxury that is as responsible as it is refined, curated with a touch of omotenashi.

BEYOND ONLY LUXURY

At the green beating heart of Lexus, luxury and the love of environment exist in perfect harmony. Guided by our ultimate goal of zero waste, we invite you to explore the Sustainability Product, where sustainability meets everyday luxury.

As you browse through our selection, look for this special Sustainability Product icon  that marks products which have been crafted with the environment in mind. Our Sustainability Product includes sustainable materials as diverse as recycled polyester resin, reclaimed waste fishing from marine and innovative crafted leather made of cactus, allowing us to reduce carbon footprint while preserving the signature of making luxury personal.

The LEXUS Spindle Key Ring

The Lexus Spindle Key Ring is made using Inden technique, a tradition handed down through generations, masterfully crafts designs marked by a distinct spindle pattern motif. A carefully applied layer of lacquer unveils patterns on the superior deerskin, resulting in a rich interplay of beauty and texture. To enhance the prestige, the LEXUS emblem logo is embossed inside of the loop.

 36 mm (W) x 155 mm (H)
(including hook)

TRAVELLING COLLECTION

Statement on the go

Embark on your journey with style, comfort and luxury statement. Crafted from premium materials and thoughtfully made to meet the needs of the smart traveler.

LIGHTWEIGHT Travel Bag

Embrace an eco-conscious lifestyle with this exquisite bag that embodies durability and sustainability. The main body material is crafted using highly-durable and lightweight synthetic leather called "QUOLE®*1," minimizes the use of environmentally hazardous substances.

Wear the bag effortlessly on your shoulder with the included belt, and enjoy the convenience of one exterior pocket and three interior compartments. The navy-colored interior fabric, made from ECOPET®*2 sourced from recycled PET bottles, further underscores its commitment to a greener future. Accompanied by a matching pouch and two drawstring bags all made from the same eco-friendly material.

Black

REAMIDE Denim Tote Bag

The REAMIDE Denim Tote Bag is designed for everyday convenience, with a wide opening that makes it easy to find what you need. It has three handy pockets on the outside for quick access items, and inside, you'll find two more pockets plus one with a zipper for safekeeping important items, perfect for keeping your things organized while on the move. The interior fabric is woven from ECOPET®, a fiber made from recycled plastic bottles.

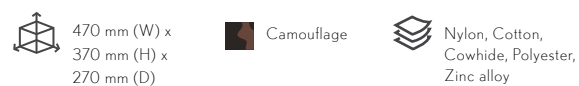

* ECOPET®: Recycled polyester fiber made from collected used plastic bottles. ECOPET® is a registered trademark of TEIJIN LIMITED.
* The main body fabric (REAMIDE DENIM) uses indigo dye. Due to the nature of the material, it is prone to color transfer and fading. Please note that the color may migrate to other items (clothing, sundries, accessories, sofa, car seats, etc.) due to friction. Please note that color fading is more likely to occur when the bags are wet due to perspiration or rain.

CAMOUFLAGE Tote Bag

This bag features shadow camouflage fabric with a water-repellent mesh over cotton, creating a camouflage effect that alters with your perspective for an elegant look. Its interior is made from ECOPET®, a material from recycled bottles, sized to fit A4 documents. It includes an exterior zipper pocket, an interior zipper pocket, two inner pockets, and two drawstrings matching the lining.

* ECOPET®: Recycled polyester fiber made from collected used plastic bottles. ECOPET® is a registered trademark of TEIJIN LIMITED.

REAMIDE Denim Waist Bag

The R E A M I D E Denim Waist Bag, slung diagonally, brings effortless style and practicality to your daily wear. It's designed with an outer zip pocket that neatly tucks away another pocket inside for extra organization. The interior is fitted with two additional pockets, including a zippered one for secure storage. The inner lining of the bag is crafted from ECOPET®, a material created using fibers derived from recycled plastic bottles.

* ECOPET®: Recycled polyester fiber made from collected used plastic bottles. ECOPET® is a registered trademark of TEIJIN LIMITED.
* The main body fabric (REAMIDE DENIM) uses indigo dye. Due to the nature of the material, it is prone to color transfer and fading. Please note that the color may migrate to other items (clothing, sundries, accessories, sofa, car seats, etc.) due to friction.

REAMIDE Denim Day Pack

This daypack can be used for business purposes. The back of the bag has straps for attaching to the handle of roller bags. It has one exterior zipper pocket with a pocket inside. There are two pockets and one zipper pocket on the inside of the bag. The interior fabric of the bag is made from ECOPET®, a material created using fibers recycled from plastic bottles.

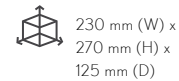

* ECOPET®: Recycled polyester fiber made from collected used plastic bottles. ECOPET® is a registered trademark of TEIJIN LIMITED.
* The main body fabric (REAMIDE DENIM) uses indigo dye. Due to the nature of the material, it is prone to color transfer and fading. CORDURA Backpack

The Cordura Business Backpack combines ample storage with ergonomic design, featuring padded shoulder straps that evenly distribute weight and a waterproof pocket to keep your laptop dry. It's also designed for seamless integration with rolling luggage, thanks to its convenient attachment straps. With a variety of exterior and interior pockets, this backpack is an ideal companion for daily commutes and extensive travel. Crafted from the CORDURA NYLON series, the bag is both lightweight and durable, utilizing CORDURA® Hollofil AIRTM Fabric in its main body for unparalleled resilience. The interior is made with ECOPET® fiber, derived from recycled plastic bottles.

*ECOPET®: Recycled polyester fiber made from collected used plastic bottles. ECOPET® is a registered trademark of TEIJIN LIMITED.
*CORDURA® Hollofil AIRTM Fabric: In addition to the durability of CORDURA Fabric, this material uses hollow fibers to achieve light weight. CORDURA® is a registered trademark of INVISTA.

NAPPA Briefcase

This briefcase is finely crafted from luxurious Nappa leather, renowned for its softness, paired with a delicate faux suede lining for protective elegance. Designed to carry a laptop or tablet with ease, it features an array of pockets both within and on the exterior for efficient organization. It comes equipped with both hand and shoulder straps to suit your carrying preference.

CORDURA Sling Bag

This versatile sling bag is designed to be worn your way, either upright or across the body. It features a zip pocket and an open pocket on the outside, plus another zip pocket and an additional pocket inside for neat organization. The shoulder strap is detachable, allowing the bag to be used as a stylish pouch. Crafted from the CORDURA NYLON series, the bag is both lightweight and extraordinarily durable, utilizing CORDURA® Hollofil AIRTM Fabric in its main body for unparalleled resilience. The interior is thoughtfully made with ECOPET® fiber, derived from recycled plastic bottles.

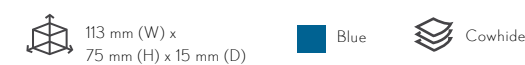

*ECOPET®: Recycled polyester fiber made from collected used plastic bottles. ECOPET® is a registered trademark of TEIJIN LIMITED.
*CORDURA® Hollofil AIRTM Fabric: In addition to the durability of CORDURA Fabric, this material uses hollow fibers to achieve light weight. CORDURA® is a registered trademark of INVISTA.

INTRECCIATO Card Case

This sleek business card holder, with its intrecciato style that resembles weaving, is made using the fukin-machi technique. This traditional Japanese method is characterized by the shape of the outward-folded gussets, which resemble the shape of accordion bellows. Crafted by a single artisan, it features the Lexus emblem embossed on the inside, merging tradition with modern luxury.

* Water leakage, perspiration, or friction may result in colors being transferred to clothing or the like. Due to the characteristics of leather, the color and texture of delivered products may differ from the photographs.

LEXUS Spindle Cufflink

Crafted with an eye for textile elegance, the piece boasts a spindle pattern that echoes the artistry of woven threads. It has four layers, each at a different height, which gives it a unique, three-dimensional look that's both visually appealing and engaging to the touch.

 17 mm (W) x 17 mm (H) x 20 mm (D)  Silver  Brass

LEXUS Sphere Cufflink

The Lexus Sphere Cufflink presents a design inspired by the intricate patterns of brake discs, melding mechanical allure with fashion. Comprising four distinct segments, its architecture embodies a sophisticated harmony, capturing the essence of engineering and elegance in a single accessory.

 16,8 mm (W) x 16,8 mm (H) x 22mm (D)  Silver  Brass
